

## Aura Design and Planning LLP

Architecture . Interior . Planning

### How we approach our projects

This document outlines the scope of work for the interior design services for your project. Our services are divided into key phases, ensuring a comprehensive and collaborative design and documentation process.

- **Phase 1:** Finalizing design brief based on clients' requirements, discussing fees structure and project timeline for interior design consultancy services.
- **Phase 2:** Generating preliminary floor plans, mood boards, inspiration images
- **Phase 3:** Developed floor plans, refined 3D visualizations after clients' inputs
- **Phase 4:** Comprehensive interior working drawings with material specifications, selection of finishing materials
- **Phase 5:** Coordination with client, contractor, vendors and other stakeholders involved for timely completion and handover of project
